Allergenic confirmation

Dear Sirs,

We hereby confirm that all herbal raw materials, pharmacy raw materials and herbal raw materials from controlled organic cultivation from our range are pure natural products, are only cut and/or ground in the sense of further processing and are therefore free of allergenic additives in the sense of Regulation (EU) 1169/2011EC.

Notwithstanding the above, we would like to point out that all product groups listed above have an allergenic potential in their capacity as plant parts or components, the strength of which depends solely on whether the respective end user shows allergic reactions to a particular plant.

In general, unintentional contamination with allergens and additives cannot be completely ruled out despite careful and thorough procedures during all processing steps. Therefore, Alfred Galke GmbH cannot guarantee the absence of allergens and additives.

We ourselves have the following "allergens" (EU VO 1169/2011, Annex II) in stock:

- Wheat, Barley, Oats
- Almonds, Walnut shells, Brazil nuts, Pistachios
- Celery, Mustard, Sesame

Kind regards from Gittelde

Your QM Team of the Alfred Galke GmbH
